Jednostka	<b>szt.</b>

### Opis produktu

#### **TIGER MOTH DH-82 (46 size EP-GP with battery hatch)**

The **de Havilland DH-82 Tiger Moth** is a 1930s biplane designed by Geoffrey de Havilland and built by the de Havilland Aircraft Company. It was operated by the Royal Air Force (RAF) and many other operators as a primary trainer aircraft. In addition to the type's principal use for *ab-initio* training, the Second World War saw RAF Tiger Moth operating in other capacities, including maritime surveillance, defensive anti-invasion preparations, and even some aircraft that had been outfitted to function as armed light bombers.

Now, VQ Models introduce the DH-82 Tiger Moth 46 size EP-GP. This DH-82 Tiger Moth comes with 4 piece wing with 2 aluminium wing joiner for easy transport. With the big battery hatch, you can use both Electric motor or Nitro engine.

**Specifications:-** Wingspan: 1400mm (55.12 in.)- Fuselage Length: 1180mm (46.46in.)- RTF Weight: 3kg (6.61lbs) (vary with equipment in use)- Glow Engine: .46 (2 stroke) / .70 (4 stroke)- Electric motor: 750W- Battery: Lipo 14,8V 4500 mAh- Radio: 5 channels with 4-5 servos- Functin: Ailerons-Elevator-Rudder-Throttle
